I have read the opinion. I cannot remember dates from over three years ago. What I can remember is that I did not know about that snap prior to the preliminary examination and once I knew about the snap I told you to tell Balog and asked Balog to investigate the origin of the snap and if it was real etc. I did not receive the report from Balog following that request and if I would have I would have turned it over to the Defendant's attorney.

Good morning Beth,

Can you please read the judge order asap. I need you to let me know what you agree or disagree with this order.

Its total 5 minutes of your time.

Kindest regards,

Linda
